Grand Knights Corner

The Knights of Columbus State Convention was held this weekend in Raleigh North Carolina (April 26-28). It was weekend fill with fellowship, merriment, award winning and some disappointments.

We checked in at the hotel and at the State Convention Registration (said hello to Greg the Credential Chair) before heading to Bahama Breeze for diner a beer. This turned out to be good strategy as the evening meeting was very slow and uneventful. The night concluded with Glen and I spending time at the different hospitality rooms and sampling their adult beverages. Saturday morning came all too quickly and soon it was time to campaign for Greg and to vote for the new State Officers. Greg was running against some very qualified Candidates Rick Lewis and Tim Hall. The winner needed to secure 50% of the

votes plus 1. The top two vote getters went on to the final round. This proved not to be in the cards for Greg this year who was eliminated on the first round.

The lunch and awards banquet were very good to our Council as the St. Pius X Council 11101 was able to earn two awards. For the **second year** in a row we there awarded the **best website** in the State for our Order. A big thank you to Walter Kulla and to all of his hard work developing and keeping the Website up to date and looking sharp; the second award was for achieving the highest level for programs (Charity). Only a handful of Councils were able earn this award and is reminder of all the great work our Council's Knights put in throughout the year. So, I owe the Council a great big thank you for your efforts this year. A much needed 2 hour rest before a very special mass at Holy

Name of Jesus Cathedral in Raleigh.

The night concluded with a diner and more awards and raffle drawings. Unfortunately, no one from our Council won any of the State Raffle awards but we did have one winner from our Council. John Joyce was awarded the Most Valuable District Deputy by our General Agent Shawn Williams (Ray's Boss). His consistent reminders via email and phone and guidance is the only reason I was able to get my reports in on time and am sure the other Grand Knight's in Greensboro can say the same.

All in all it was great weekend to be a St. Pius X Council member. Glen and I enjoyed our time in Raleigh and encourage future Grand Knights to do the same, continue to participate in the attending the State Convention.

Council Program Directors Openings

As we approach the new fraternal year, many of the program chairs are open and need to be filled.

This is an opportunity for you to have an active part in making the decisions of what direction the council should take. Many of the programs are already in place which means just carrying them forward. However, new ideas for an event are always welcome. Here is a list of the programs:

Faith
Community

Family
Life

These program positions are not a one man job. It requires the help of many people. You can chose your own staff to assist you.

Our council has over 250+ members making us one of the largest councils in the state. This task should not be hard to fill.

Can you identify with the following?

Somebody suggest something

that a Anybody could do. Everybody was sure Somebody would do it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized the Everybody wouldn't do it. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have.

Which one are you?

Volunteer today to do that job!

We need your help.

ter. You will need to register as a new volunteer and set a new user name and password each year. Be sure to indicate Hole #3 on your registration.

Indicate the day/days you want to work. We need a minimum of 6 Marshals each day which can include a Captain for each day. I have 2 Captains so far and will **need 3 more**. Any questions, call Tom Thompson, 336*509-4312.

Group-Term Life Insurance

Total Amount of Coverage

IRC section 79 provides an exclusion for the first \$50,000 of group-term life insurance coverage provided under a policy carried directly or indirectly by an employer. There are no tax consequences if the total amount of such policies does not exceed \$50,000. The imputed cost of coverage in excess of \$50,000 must be included in income, using the IRS Premium Table, and are subject to social security and Medicare taxes.

Carried Directly or Indirectly by the Employer

A taxable fringe benefit arises if coverage exceeds \$50,000 and the policy is considered carried directly or indirectly by the employer. A policy is considered carried directly or indirectly by the employer if:

1. The employer pays any cost of the life insurance, or
2. The employer arranges for the premium payments and the premiums paid by at least one employee subsidize those paid by at least one other employee (the "straddle" rule).

The determination of whether the premium charges straddle the costs is based on the IRS Premium Table rates, not the actual cost. You can view the Premium Table in the group-term life insurance discussion in [Publication 15-B](#).

Because the employer is affecting the premium cost through its subsidizing and/or redistributing role, there is a benefit to employees. This benefit is taxable even if the employees are paying the full cost they are charged. You must calculate the taxable portion of the premiums for coverage that exceeds \$50,000.

Not Carried Directly or Indirectly by the Employer

A policy that is not considered carried directly or indirectly by the employer has no tax consequences to the employee. Because the employees are paying the cost and the employer is not redistributing the cost of the premiums through an insurance system, the employer has no reporting requirements.

Example 1 - All employees for Employer X are in the 40 to 44 year age group. According to the IRS Premium Table, the cost per thousand is .10. The employer pays the full cost of the insurance. If at least one employee is charged more than .10 per thousand of coverage, and at least one is charged less than .10, the coverage is considered carried by the employer. Therefore, each employee is subject to social security and Medicare tax on the cost of coverage over \$50,000.

Example 2 - The facts are the same as Example 1, except all employees are charged the same rate, which is set by the third-party insurer. The employer pays nothing toward the cost. Therefore there is no taxable income to the employees. It does not matter what the rate is, as the employer does not subsidize the cost or redistribute it between employees.
