## Pancake Breakfast

The first Sunday of each month has been chosen to hold a pancake breakfast.

If you missed the first one, don't miss the rest.

Your council purchased some restaurant quality equipment to be use at the breakfast. The equipment was two thirty cup commercial coffee pots, a commercial pancake dispensing machine and a commercial stick blender. These items made a big difference in the

quality of the product being produced.

We served over two hundred people. Many came before coffee talk to enjoy a cup of coffee or a plate to go to their discussion.

This is a wonderful time for fellowship with your brother knights. Just ask anyone who worked the first one. All will agree it was great.

So you don't like to attend the business meeting. Here is your-

chance to be a part of our great organization.

Your brother knights were assisted by the St. Pius Parish Youth at the breakfast.

All the net proceeds from the first breakfast will be going to the youth summer work camp project.

If you like to cook or just want to enjoy some good food and good conversation, come and join us.

## Field Agent Report

### ***LTC Is an Important Piece of the Puzzle***

There are many financial consultants and retirement authorities who emphasize the need for a long-term care (LTC) product for estate preservation and family protection. While many commercial life insurance companies have gotten out of the long-term care business, the Knights of Columbus considers LTC a very important piece of the family protection puzzle. The Order has been actively offering our members this product for nearly 15 years without a premium increase on current policyholders. Members who wisely purchased an LTC plan from the Knights in 2000 are still paying the same premiums today. Even better, our LTC coverage is backed by the full strength of the Order, which remains rooted in our strong Catholic values. Talk about stability when it counts.

If we have not spoken about your need for LTC coverage in your family portfolio, please take some time out of your schedule to meet with me.

Remember, long-term care policies are underwritten based on your health, and you most likely will never be any healthier than you are today.
